OUR LIVES AS SACRED STORY

Carrie Newcomer invites participants to explore and honor the depth, grace and wonder of personal journey and story. This workshop will use song, conversation, creative writing, group and individual experience designed to explore our stories with a spiritual lens. We will explore all that has come before, all that has brought us here, and affirm the journey that is still unfolding. Experiences will include individual and small and large group work. This workshop has been developed to be very safe, nurturing and encouraging. It welcomes all, including those who have previous writing experience as well as those who are interested in exploring new ways to tell their own personal and spiritual story.

ALL TOGETHER NOW:

In this fast paced and engaging workshop Carrie Newcomer invites participants to explore topics creatively through the use of song. She will lead the group through the process of creating the language, moving the language into music form, and by the end of the workshop have a finished song the group can sing together. This workshop requires absolutely no musical experience. In an educational setting, this experience is a fun and exciting way to incorporate new ideas and material (using our creative mind). In a conference setting this experience is a wonderful way to gather and sum up ideas and themes being discussed. This is a fast paced, guaranteed to make you smile experience, presented in a safe and nurturing atmosphere.
